Our acceptance of results and certification of Metiri Analytical Group Inc. - Geneva is contingent on your continued certification by the State of Illinois Environmental Protection Agency. Additionally, your certification is contingent on the submission of acceptable proficiency test sample results from a state-approved supplier on a running 12-month basis throughout the certification period and the results of any on-site inspections conducted by the State of Illinois Environmental Protection Agency or its agents.

Our certification of your facility will expire on October 31, 2026. Your certification fees are paid until May 18, 2029. Forward your certificates and on-site inspection report once you renew your certification in your home state. Provided you maintain fully certified status in the State of Illinois you will be reissued reciprocal certification for the State of Michigan without charge until the expiration date of your home state exceeds the "Fees Paid to Date" on your Michigan certification. Seven months in advance of your "Fees Paid to Date" you will be sent a certification renewal package and assessed the fee for the upcoming three-year period. Certification fees are non-refundable.

At your option, you may display the enclosed certificates. If you have questions regarding this information, please contact me by phone at 517-930-7040 or by email at lundyg@michigan.gov.
