CATHERINE R. McCABE
Commissioner

June 5, 2020

Dear Laboratory Manager:

Your fiscal year 2021 (FY21) laboratory certification renewal application has been processed and a Certificate and Annual Certified Parameter List (ACPL) that reflects the current status of your facility are enclosed. If there are any discrepancies, please contact your Laboratory Certification Officer to verify information and make arrangements for a new ACPL. If the Office of Quality Assurance does not receive documentation of any discrepancies before July 10, 2020 this ACPL will be considered final and any changes received thereafter will be treated as a modification application. During the review of the documentation please note that the category codes listed on the ACPL have recently been updated. When reviewing the documentation please review the entire line to confirm your certification as all category codes have changed. Effective with the receipt of this letter, your facility's certification status is valid through June 30, 2021. Both the ACPL and Certificate must be conspicuously displayed at your facility in a location on the premises that is visible to the public.

As always, we are available to discuss any comments or questions. Please do not hesitate to contact your laboratory certification officer or me.

Sincerely,

Michele M. Potter
Manager

Enclosures: ACPL; Certificate
